MEMORANDUM

TO: Chief Academic Officers

FROM: Elizabeth C. Brown, Director
Federal Vocational Education

SUBJECT: Optics and Photonics Workshop

The NSF National Center for Optics and Photonics Education - OP-TEC - is hosting a **free** workshop at Central Carolina Community College on April 24 and 25. This is a very informative workshop about the many ways in which optics and photonics can be infused into existing programs and how new programs can be created. Courtesy of the NSF grant, participants will also receive lots of free program planning guides.

For more information go to www.op-tec.org/workshop.php/
