MEMORANDUM

TO: Presidents
Chief Academic Officers

FROM: Delores A. Parker, Vice President
Academic and Student Services

SUBJECT: Revised Curriculum Program Application Procedures

The *revised* Section 3, Curriculum Program Application Procedures, of the *Curriculum Procedures Reference Manual* is attached for your information.

The revision was approved by the State Board of Community Colleges on April 18, 2008. The new procedures and related forms are available for immediate use; however, colleges are not required to use them until August 1, 2008.

The changes are minor and merely clarify language, reduce duplication, and incorporate recent revisions to N.C. Administrative Code. The major revisions follow:

- Specify that industry leaders must be included in the program planning/advisory committee (see page 3-6, Item I.G.);
- Clarify that colleges must send Impact Assessment Forms to all colleges approved to offer the same or similar programs (see page 3-6, Item II); and
- Update wording to incorporate recent changes to 23 NCAC 2E. 0204 that restrict cooperative education hours in a diploma program to four (rather than eight, as was allowed before); that allow up to seven semester hours of credit to accommodate “local employer requirements” in the Other Required Hours section of a program of study; and that delete the “free elective” option (see Attachments 4 and 5 of procedures).

(Associate in Applied Science, Diploma, and Certificate)
Originally Approved by the State Board of Community Colleges
January 21, 2000**

**Revised on April 17, 2002; March 7, 2005; August 26, 2005; November 8, 2006;
and April 18, 2008**

The State Board of Community Colleges is authorized in *North Carolina Administrative Code* (NCAC) 23 2E.0200 to approve programs consistent with the System's mission and to outline procedures for colleges to follow when applying for program approval.

The mission of the North Carolina Community College System, as stated in NCAC 23 2B.0104, is to provide adults in North Carolina with learning opportunities consistent with identified student and community needs. Colleges in the System plan, develop, and implement curriculum programs consistent with their local mission to provide learning experiences for adults and ultimately enhance the workforce of North Carolina.

Colleges seeking curriculum program approval should submit an application using the attached procedures. ***All items must be completed and documented as indicated before the program can be considered for approval by the State Board.*** Colleges are encouraged to contact the appropriate program coordinator at the System Office for assistance in the completion of this application.

Program applications may be submitted at any time, but should be submitted within a reasonable amount of time after the initial planning notification. Completed applications received by the first working day of the month will be processed within 90 days*.

Example: March 1 - Application received by System Office
April Board Meeting - System Office presents to Board "**For Future Action**"
May Board Meeting - System Office presents to Board "**For Action**"

Program applications that meet the following criteria will be "fast-tracked" and may be processed within 60 days of submission:

The curriculum request is not a new title to the System;
There are no negative impact assessments; and
The application is complete, requires no further analysis or documentation, and is received by the System Office by the first working day of the month.

Example: March 1 - Application received by System Office
April Board Meeting - System Office presents to Board as "**Fast Track For Action**"

**The approval process for applications which are received after the first working day of the month, are incomplete, or require further analysis may exceed this 90-day schedule. Since the State Board normally does not meet in June or December, application processing schedules which include these months may also exceed 90 days.*

Two (2) copies of the application with original signatures on each copy should be submitted to:

CURRICULUM PROGRAM APPLICATION PROCEDURES

(includes Procedures for Concentration Program Applications)

All items must be completed and documented as indicated before the program can be considered for approval by the State Board.

I. Program Planning

(Required for Both the "Parent" and Concentration Program Applications)

- A. Identify the planning area for the proposed program (list specific counties). The planning area will determine the counties from which the college can obtain employment and student interest data.
- B. Discuss the purpose of the proposed program and how it relates to the mission, workforce training, and Institutional Effectiveness Plan of the applying college(s).
- C. Using the *Program Planning Process Notification Format* found in Attachment 2, notify all community college presidents, all chief academic officers, and the Vice President for Academic and Student Services at the System Office that the college intends to apply for the proposed program. In the notification, please indicate the intended area (specific counties) to be served by the program (planning area), as well as the anticipated starting semester. Allow a two-week response time for those colleges interested in participating in the planning process for this program. If the planning area is redefined as part of the application process, a revised program planning notification must be sent to all parties listed above.

Attach a copy of the notification to the application.

A separate notification is required for each program application.

Note: This notification of the intent to apply for the proposed program does not imply or give proprietary right to any college to offer the proposed program.

- D. Invite representatives of all colleges expressing an interest and System Office Programs staff to a planning meeting. List the participants involved and document the date and outcome of the meeting.
- E. For the purposes of this program, complete the table below to indicate the **reasonable commuting distance** for your community. Justify your response.

Note: Reasonable commuting distance is defined as the number of miles and the amount of time that a majority of students would consider feasible to travel to receive training in the proposed program. This distance and time are determined by individual colleges for each proposed program.

Reasonable Commuting Distance for This Program		
Location of Program (City)	Est. Mileage	Est. Travel Time

- F. Complete an Employment Availability Survey to determine the job opportunities available for graduates of the first two classes from this program. Document in Attachment 7 the **individual employer totals** and entry-level salary information. Provide in the table below the **summary results** of the survey and the entry-level salary range for graduates that complete this program.

Summary Results of Employment Availability Survey				
<i>(Please submit individual employer totals using a separate table, as indicated in Step 2 below.)</i>				
	Currently Available	1st Graduating Class	2nd Graduating Class	Entry-Level Salary
Within Planning Area				
Within Service Area				

1. Attach a copy of the Employment Availability Survey that was used.
2. Using the format found in Attachment 7, document totaled survey responses from each employer. List the company name, contact person, address, phone number, and the number of current and projected job openings for each of the companies that completed the Employment Availability Survey.
3. If applicable, attach other sources of data that were used to support the employment openings identified in the table.
4. If applicable, attach additional information which may support employment opportunities that are not evident in the table or step 3 above.

- G. All proposed programs must have a program planning/advisory committee that includes key industry representatives involved in program planning. Attach a list of committee members involved in the planning of this program, indicating each member's title, place of employment, address, phone number, and, if applicable, credentials (RN, CPA, PE, RLS, etc.). **Document the role of the committee in the development of this program application.**

II. Impact of the Proposed Program on Other Programs in the System

(Required for Both the "Parent" and Concentration Program Applications)

- A. List all community colleges approved to offer the same or similar training program.

Colleges Approved to Offer the Same or Similar Programs	
College Name	Title/Code of Same or Similar Program

- B. Send completed hard copies of the *Impact Assessment Form (format found in Attachment 3)* to all colleges identified in Table IIA as approved to offer the same or similar program(s). These individualized Impact Assessment Forms will document the applying college's perceived impact of implementing the proposed program on the respective college's existing program(s). Attach to this application documentation confirming that Impact Assessment Forms were sent to each college listed in Table IIA.
- C. Attach a copy of any Impact Assessment Form that is returned signed (from any college listed in Table IIA) to the applying college. Include any additional documentation that contains assessment information or comments from the responding college. If no forms are returned to the applying college, please specify such in the application.
- D. If the applying college receives any negative responses (original notification or Impact Assessment Form), include further justification for implementing the proposed program. Attach documentation describing how the issue has been resolved. Any negative responses (original notification or Impact Assessment Form) must also include an Impact Assessment Resolution Form with original signatures (see Attachment 3A).

- E. Impact Assessment Conflict Resolution Appeals Process:**
If the presidents can not reach agreement on the impact of the proposed program, the Vice President for Academic and Student Services will refer the issue to the System President. After meeting with the System President and the issues are still not resolved, the presidents may request a hearing before the Program Committee of the State Board. The Program Committee will make a recommendation to the State Board on the disposition of the proposed program. The decision for resolution of the matter by the State Board is final.

III. Feasibility Plan

(Required for the "Parent" Program Applications only; not required for Program Concentration Applications.) *Document sources for responses to items in this section. (Examples - business and industry surveys, newspaper surveys, high school aspiration surveys, minutes of meeting with college personnel, etc.).*

(Due to classroom and laboratory restrictions, the numbers in the tables in IIIA and IIIB will not typically be the same.) Describe any restrictions on the enrollment for this program (faculty/student ratio, limited laboratory space, clinical positions, etc.).

 - 11. Specify that only the college providing the instruction will record the letter grade on the student transcript;*
 - 12. Be approved by the System Office President prior to implementation of the program; and*
 - 13. Be maintained on file at each participating college for audit purposes.*

In order to avoid dual transcripts, the ISA must list **one** college that will record the **letter grade** for the students and be responsible for preparing the students transcripts. The remaining college(s) must use indicators for course credit other than a letter grade. (See memo CC01-081).

If an ISA becomes inactive, a termination notification must be submitted to the System Office President. (For termination form, see Section 6, Attachment 4 of the *Curriculum Procedures Reference Manual*.)

Refer to Section 9 of the **Curriculum Procedures Reference Manual** for guidelines in completing a Program of Study (Note: Section 9 provides instructions for entering an electronic version of the program of study, which is done **after** the college receives official notification of program application approval. A hard copy of the intended program of study should be attached to this application using Attachment 4.)

The Curriculum Model should list all courses in the Program of Study sequenced by semester and include the course prefix, number, title, contact and credit hours.

- C.** If this application is for a curriculum program that is **new to the System**, please attach the following:
1. the proposed Curriculum Standard;
 2. the proposed Program of Study;

Program of Study

The proposed Program of Study (see Attachment 4) should be designed using the appropriate courses listed in the CCL. Refer to Section 9 of the **Curriculum Procedures Reference Manual** for guidelines in completing a Program of Study.

New Course Descriptions

If the application contains courses new to the CCL, please submit a copy of Attachment 6 for each course. New courses will be reviewed by the State Board and are not required to be submitted to the Curriculum Review Committee (CRC).

Curriculum Model
