SUBJECT: **Learn and Earn Online (LEO) Spring 2009 Courses**

The Learn and Earn Online initiative has been in place for more than one year and continues to be a high priority for the North Carolina Community College System Office. As with previous semesters, the System Office needs to know what courses are deemed **Learn and Earn Online (LEO)** courses; keeping in mind these courses will be offered to students in grades 9 – 12, I am **requesting spring 2009 courses.**

Qualified students in participating high schools are able to take a variety of online college-credit courses at no cost to them or to their families. Students earn both high school and college credit for completed courses. Access to these courses is provided during the regular school day and a public school course facilitator **may** assist students with the online course in the high school classroom, if the local school administrative unit has chosen to provide one.

The attached form is provided for your convenience; **please email the form to Antonio Jordan, jordana@nccommunitycolleges.edu by October 29.** Feel free to contact Mr. Jordan at 919/807-7133 if you have questions.
