NORTH CAROLINA COMMUNITY COLLEGE SYSTEM Dr. R. Scott Ralls, President

June 21, 2013

MEMORANDUM

TO:	Chief Academic Officers Chief Financial Officers Student Development Administrators
FROM:	Sharon Morrissey Executive Vice President for Programs & Chief Academic Officer

SUBJECT: Career & College Promise Coding

Colleges have done an exceptional job implementing processes to ensure compliance with Session Law 2011-145, the Appropriations Act of 2011, which authorized the State Board of Education and the State Board of Community Colleges to establish the Career & College Promise program. An important component of this compliance is the accurate entry of the Student Types, Pathway Types, and Programs of Study in Colleague.

When Career & College Promise students graduate from high school and continue into college programs of study, it is important to end their Student Type, Pathway Type, and Program of Study in Colleague. These modifications are essential to ensure that ineligible students do not receive tuition waivers and that students are correctly coded for evaluation purposes. Please make sure that your college takes the following steps to re-code C&CP graduates who continue in a program of student after high school graduation:

- Add a Student Type such as "NONE", "NORM", "TRAD" or "NULL" in order to prevent consequential tuition waivers.
- End Career & College Promise Pathway Type.
- End Core 44 College Transfer Pathway (P10XXX) Program of Study.

Documentation on where to make these changes in Colleague is attached.

Your college should develop a validation process to ensure that only dual-enrolled high school students are classified as Career & College Promise.
