Instructional Service Agreement (ISA) Procedures

SECTION 6
INSTRUCTIONAL SERVICE AGREEMENT (ISA)
PROCEDURES

Level-One Instructional Service Agreement (Permission Slip): Level-One agreements should be utilized when a college is requesting permission to deliver curriculum course(s), a curriculum program or continuing education courses into another college's service area. These agreements do not involve the sharing of resources or FTE. This level of agreement does not have to be approved or kept on file by the System Office, however, it must be kept on file at participating colleges for audit purposes.

A suggested template is provided for a Level-One ISA (Attachment 1). Colleges may add additional specifications to these templates to satisfy unique needs or clarify individual institution requirements, however, please note that a Level-One ISA must include the following:

- a. Be approved by each local board of trustees unless the board has delegated authority to the president to enter into Level-One Instructional Service Agreements;
- b. Be signed by the presidents of each participating college;
- c. Specify the course(s) or program(s) to be delivered into the other college's service area;
- d. Specify the plan for delivery of the instruction;
- e. Specify the conditions and time frame for termination of the agreement; and
- f. Be maintained on file at all colleges involved for audit purposes.

If the Board of Trustees has not delegated authority to the president to enter into Level-One ISA's; an original signature should be included. An electronic or stamped signature may only be utilized for the Board of Trustees signature if the agreement is accompanied by approved Board Minutes.

Level-Two Instructional Service Agreement (Joint Offering of a Course): Level-Two agreements should be utilized when two or more colleges are jointly offering curriculum or continuing education courses. Level-Two involves the sharing of resources in order to offer a course and colleges contributing resources toward instruction may share FTE. These agreements must be filed with the System Office prior to implementation of the course(s). They do not require System Office approval.

A suggested template is provided for a Level-Two ISA (Attachment 2). Colleges may add additional specifications to these templates to satisfy unique needs or clarify individual institution requirements, however, please note that a Level-Two ISA must include the following:

- a. Be approved by each local board of trustees unless the board has delegated authority to the president to enter into Level-Two Instructional Service Agreements;
- b. Be signed by the president of each participating college;
- c. Specify the course(s) to be delivered to the other college's service area;
- d. Specify the plan for delivery of the instruction;
- e. Specify the proration of resources and FTE allocated for each college;
- f. Specify the conditions and time frame for termination of the agreement;
- g. Be filed with the System Office President prior to implementation of the course(s); and
- h. Be maintained on file at all colleges involved for audit purposes.

If the Board of Trustees has not delegated authority to the president to enter into Level-Two ISA's; an original signature should be included. An electronic or stamped signature may only be utilized for the Board of Trustees signature if the agreement is accompanied by approved Board Minutes.

The delivery of curriculum courses or continuing education courses delivered into another college's service area via non-traditional delivery as defined in 1G SBCCC 200.93(e)(1) does not require an instructional service agreement.

Level-Three Instructional Service Agreement (Joint Offering of a Program)

Level-Three agreements should be utilized when two or more colleges are jointly offering a curriculum program. Level-Three involves the sharing of resources and colleges contributing resources towards instruction may share FTE. This agreement must be signed by the System Office President prior to implementation of the program.

We have created a suggested template for a Level-Three ISA (Attachment 3). Colleges may add additional specifications to these templates to satisfy unique needs or clarify individual institution requirements, however, please note that a Level-Three ISA must include the following:

- a. Be approved by each participating board of trustees;
- b. Be signed by the board of trustees chair of each participating college;
- c. Be signed by the president of each participating college;
- d. Specify the program to be shared;
- e. Specify the plan for delivery of the program;
- f. Specify the proration of resources and/or FTE allocated for each college;
- g. Specify the conditions and time frame for termination of the agreement;
- h. Certify that appropriate and adequate resources are available between participating colleges. Where feasible, joint utilization of physical facilities, equipment, materials, and instructional faculty shall be considered;
- i. Certify that the curriculum program meets the standards of the appropriate accrediting agency or licensing authority;
- j. Specify which college will grant the award;
- k. Specify that only the college providing the instruction will record the letter grade on the student transcript;
- l. Specify that any participating college(s) that does not have approval of the State Board of Community Colleges for the program will not award a certificate, diploma or associate degree under the authority of the approved level three instructional service agreement.
- m. Be signed by the President of the North Carolina Community College System prior to implementation of the program; and
- n. Be maintained on file at each participating college for audit purposes.

Notification of termination of a Level-Three Agreement shall be sent to the System Office President by the college which grants the award, prior to the effective termination date. Please use the form provided (Attachment 4).

An electronic or stamped signature may only be utilized for the Board of Trustees signature if the agreement is accompanied by approved Board Minutes.

The delivery of curriculum programs delivered into another college's service area via non-traditional delivery as defined in 1G SBCCC 200.93(e)(1) does not require an instructional service agreement.

A college may not delegate curriculum program approval to another college. Program approval is granted by the State Board of Community Colleges using criteria set forth in 1D SBCCC 400.6.

Level III Instructional Service Agreement (ISA) (Attachment 3A Instructions)
Participating Program of Study (POS)

Colleges previously filed Level III ISA programs of study in the Institutional Information Processing System (IIPS) which is no longer being maintained. Colleague functionality will eventually be available for the filing of Level III participating ISA, but is not currently available. Therefore, the following *manual* process should be utilized for participating Level III ISA programs of study that are revised after the original approval:

Original Participating Level III ISA Program of Study

1. The original request for a Level-Three Instructional Service Agreement must include the proposed participating Level III POS (Attachment 3A). The program of study will be an incomplete POS since only the host will offer the entire program.
2. The System Office will send approval of the Level III ISA and the participating POS to the host and participating college. The approved Level III ISA participating POS should then be replicated in local Colleague by the participating college.

The host college will enter their complete program of study for the curriculum in Colleague as their traditional program since they already have independent State Board approval for the entire program. Typically, the host college would already have their traditional POS filed and approved in Colleague.

Revised Participating Level III ISA Program of Study

1. The participating college should utilize Attachment 3A to indicate a revised participating Level III ISA POS which includes the addition or deletion of courses. Attachment 3A should **only** indicate the courses offered at the participating college. The program of study will be an incomplete POS since only the host will offer the entire program.
2. The participating college should send Attachment 3A to the host college for review and signature.
3. The host college should email the signed POS to: Director Academic Programs
NC Community College System Office
programs@nccommunitycolleges.edu
4. The System Office will mail a copy of the revised POS to both the host and the participating college. The participating college should replicate the approved revision in local Colleague. The approved hard-copy should be maintained for documentation by both the participating college and the host college. A copy will also be maintained on file by the System Office.
5. If the participating college needs to update their approved program of study to simply reflect a new version of approved course(s), then the participating college should update their local Colleague Level III ISA POS. The college is not required to submit the revision to the System Office for review. The participating college should send a copy of the updated POS to the host college. Example: The participating college is approved to offer ENG 111 as part of their participating Level III POS. ENG 111 is revised. The participating college may simply update its local Colleague POS to reflect the revised version of ENG 111. (Colleges should not add or delete courses without filing a revised participating Level III ISA POS for host and System Office approval.)

Proposed Participating Level III ISA Program of Study (Attachment 3A)

Complete the following to indicate the proposed program of study for the participating college as part of the Level III Instructional Service Agreement. The POS will be **incomplete** since only the host is eligible to offer the entire program. This form should also be utilized for amended/ revised participating Level III programs of study.
