Developmental Education Alignment/College Ready

New Dev Ed courses; archive Dev Ed courses

	TERM	START DATE	END DATE
Dev Ed New Courses Effective Start	Summer 2024	5/16/2024	N/A
Dev Ed Archive Previous Courses (last term to use)	Summer 2025	N/A	8/14/2025
Dev Ed New Courses Required	Fall 2025	8/15/2025	N/A

All curriculum-level courses with previous developmental education requisites (and CU level options that were added during RISE) have been revised to remove these requisites, creating a new version of the course. New electronic standards must be created to accommodate new course versions of revised Core courses. A full list of courses and impacted standards are at the end of this document.

Due to the potential overlap for Fall 2024 programs of study (POS) submission, **revised courses and standards will be held for creation until after the POS Submission and System Office Response Deadline for Fall 2024 (June 30, 2024).**

	TERM	START DATE	END DATE
Revised Courses New Version Effective Start	Spring 2025	1/01/2025	N/A
Electronic Standard New Version Effective Start	Spring 2025	1/01/2025	N/A
Revised Courses Previous Version (last term to use)	Summer 2025	N/A	8/14/2025
Electronic Standard Previous Version (last term to use)	Summer 2025	N/A	8/14/2025
Revised Courses New Version Required	Fall 2025	8/15/2025	N/A
Electronic Standard New Version Required	Fall 2025	8/15/2025	N/A

Operationalizing Dev Ed Changes

Early Adopters – Fall 2024

- **Courses and Registration/Records Set Up**
  - Request new developmental education courses via ServiceNow
  - Using Prereq/Coreq Model with 2.8 GPA Cutoff OR Hybrid Model with 2.8 and 2.2 GPA Cutoff
    - Utilize current Colleague Custom RISE processes (ex. XRISE, XRDPIR, XRDPIF)
  - Using Prereq/Coreq Model with different GPA Cutoff OR Hybrid Model with different GPA Cutoff
    - Utilize manual Flexible GPA process (ex. Used previously by Non-RISE colleges)
- **Programs of Study (POS)**
  - No action; Utilize manual local noncourses or manual waivers for students who take new dev ed courses and progress to courses with existing state level requisites.

Early Adopters – Spring 2025

- **Courses and Registration/Records Set Up**
  - Request new developmental education courses via ServiceNow
  - Using Prereq/Coreq Model with 2.8 GPA Cutoff OR Hybrid Model with 2.8 and 2.2 GPA Cutoff
    - Utilize current Colleague Custom RISE processes (ex. XRISE, XRDPIR, XRDPIF)
  - Using Prereq/Coreq Model with different GPA Cutoff OR Hybrid Model with different GPA Cutoff
    - Utilize manual Flexible GPA process (ex. Used previously by Non-RISE colleges)

- **Programs of Study (POS)**
  - Single catalog year institutions that wish to maintain single catalog year:
    - No action; Utilize manual local noncourses or manual waivers for students who take new dev ed courses and progress to courses with existing state level requisites.
  - Midyear catalog year institutions (including single catalog year colleges who opt to manage a midyear catalog for the purposes of Early Adoption):
    - If Early Adopters want to manage a midyear catalog, they could submit all impacted POS for Spring 2025.
      - The **earliest** the new standard and course versions will be available for submission is **July 15, 2024**. The **filing deadline** for Spring 2025 POS is **November 15, 2024**.
    - Complete Mid-Year Catalog Process in Local Colleague.
    - Utilize local course requisites to meet college's registration needs based on chosen model(s).

Early Adopters – Summer 2025

- **Courses and Registration/Records Set Up**
  - Request new developmental education courses via ServiceNow
  - Using Prereq/Coreq Model with 2.8 GPA Cutoff OR Hybrid Model with 2.8 and 2.2 GPA Cutoff
    - Utilize current Colleague Custom RISE processes (ex. XRISE, XRDPIR, XRDPIF)
  - Using Prereq/Coreq Model with different GPA Cutoff OR Hybrid Model with different GPA Cutoff
    - Utilize manual Flexible GPA process (ex. Used previously by Non-RISE colleges)
  - May be able to utilize new Developmental Education Alignment Project Custom Colleague processes and standard noncourses for registration.

- **Programs of Study (POS)**
  - No action recommended, resubmit as needed for *Full Implementation* (Fall 2025) and manage Summer 2025 with manual noncourses and waivers; However, if desired to avoid manual waivers:
    - Submit all impacted POS for Summer 2025
      - The **earliest** the new standard and course versions will be available for submission is **July 15, 2024**. The **filing deadline** for Summer 2025 POS is **March 20, 2025**.
    - Complete Mid-Year Catalog Process in Local Colleague.
    - Utilize local course requisites to meet college's registration needs based on chosen model(s).

Full Implementation (Fall 2025)

- **Courses and Registration/Records Set Up**
  - Request new developmental education courses via ServiceNow
  - Utilize new Developmental Education Alignment Project Custom Colleague processes and standard noncourses for registration.

- **Programs of Study (POS)**
  - Build POS according to local timelines to ensure all programs are complete prior to Fall 2025 advising and registration (e.g., submit in SO CIS Dec 2024 for January – February 2025 download and local rebuild in preparation for March 2025 advising and April 2025 registration for August 2025 start)
    - Emphasis for local colleges: since all colleges will be resubmitting every POS that contains ENG-110/ENG-111, this has the potential to create delays in POS approval – please plan accordingly.

IMPORTANT NOTES:

- Any POS submitted after the new course and standard versions are created (July 1, 2024) will result in those colleges implementing the new standard(s) and course(s) version(s)(e.g., ENG-111), *regardless of the effective term selected*.

- All POS under new versions of curriculum standards and/or containing curriculum-level courses with new versions (see following pages) must be resubmitted in SO CIS **no later than Fall 2025**.

- Point of contact for POS submissions: Peyton Bell, NCCCSO Curriculum Compliance Coordinator / bellp@nccommunitycolleges.edu

- Point of contact for local Colleague implementation: Bryan McCullough, Business Systems Analyst II - Student Services / mcculloughb@nccommunitycolleges.edu

REVISED COURSES

Course	Course Title	Start Date	Effective Term	Available Date	Core
BIO-090	Foundations of Biology	1/1/2025	2025SP	7/15/2024	No
BIO-092	Basics of Cell Biology	1/1/2025	2025SP	7/15/2024	No
