

APPRENTICESHIP **NC**

APPRENTICESHIP COMPETITION

COMPETITION SUMMARY

Through the Partnership to Advance Youth Apprenticeship, ApprenticeshipNC has created an **Apprenticeship Competition** to increase the number of high school-age apprentices across the state. From **July 1, 2025 - June 30, 2026**, participants will compete to register the **highest number of new high school-age apprentices**. The top three counties with the greatest success will be awarded a cash prize of **\$25K, \$15K, and \$10K**.

ELIGIBILITY

Participants

- Consortia connected to their local K12
- Group Sponsors connected to their local K12
- Any county willing to create a consortium or Group Sponsored Program connected to their local K12 during the competition period

Apprentices

- Eligible apprentices must be enrolled in a Registered Apprenticeship.
 - A work-based learning program designed to start when apprentices are high school-age.
- Apprentices eligible for the tuition waiver are eligible to be counted in this competition.
- Pre-apprentices are **not eligible until** they roll over into Registered Apprenticeship.
- Eligible apprentices will need to be registered in a program during the competition timeline.
- Apprentices will need to have completed their program or still be active at the end of the 12-month period (June 30, 2026) to be counted in the total.
 - Apprentices who drop out of their RAP will be removed from the competition total.
- ***Participants are encouraged to conduct diverse outreach to include underrepresented groups.***

AWARD SELECTION

- To ensure equitable opportunity for all participants, the number of new high school-age registered apprentices will be converted to a ratio of apprentices per 1,000 workers, based on BLM's 2025 Q4 Quarterly Census of Employment and Wages.
 - This will ensure that counties with larger populations are not disproportionately advantaged.
- Participants with extenuating circumstances, such as counties with multiple Group Sponsors or programs spanning multiple counties, should reach out to ANC for additional information on how their numbers will be calculated.

AWARD ADMINISTRATION

- The cash prizes of \$25K, \$15K, and \$10K can only be used to reimburse relevant expenses incurred during the competition. Examples include (but are not limited to):
 - Outreach and recruitment efforts
 - Partnership development with local businesses and K12 schools
 - Training materials and curriculum development
- Award spending ideas should be discussed with ANC via the quarterly reports or direct communication.

APPRENTICESHIP **NC**

APPRENTICESHIP COMPETITION

REPORTING REQUIREMENTS

- Consistent with current ANC practices, participants will register their apprentices in NCRAN.
- Participants will need to provide ANC with two reports per quarter.
 - The first report includes the apprentice data, employer data, and demographic data for apprentices registered for this competition.
 - This information will be corroborated with the records in NCRAN.
 - The second report will detail a programmatic update, including how the award money will be spent, recruitment strategies, how the numbers compare to previous years, new connections forged within the community, new ideas/practices that were spurred by this competition, what went wrong/could be done differently, etc.
- In the final reports, winning participants must report on how the money was spent.
- Final reports will be due by August 15, 2026 (45 days past the end of the competition).
- Reports can be sent to Elizabeth Orion at orione@nccommunitycolleges.edu
