Career and College Promise

I. Overview

Session Law 2011-145, the Appropriations Act of 2011, authorized the State Board of Education and the State Board of Community Colleges to establish the Career and College Promise program, effective January 1, 2012. The purpose of Career and College Promise is to offer structured opportunities for qualified high school students to dually enroll in community college courses that provide pathways that lead to a certificate, diploma, degree, or State or industry-recognized credential as well as provide entry-level jobs skills.

Career and College Promise offers North Carolina high school students a clear path to success in college and/or in a career. The program is tuition-free to all North Carolina students who meet the eligibility requirements. Through a partnership of the North Carolina Department of Public Instruction, the N.C. Community College System, the University of North Carolina System and many independent colleges and universities, North Carolina is helping eligible high school students to begin earning college credit at a community college campus tuition-free for them and their families.

The four pathways are:

- 1. College Transfer Pathways (CTP)** require the completion of at least 30 semester hours of transfer courses, including English and mathematics, except for the Associate Degree Nursing (ADN) pathway.
- 2. Career and Technical Education Pathways (CTE):**
 - a. a curriculum Career and Technical Education Pathway (**CTE**) leading to a certificate or diploma aligned with a high school career cluster.
 - b. a Workforce Continuing Education Pathway (**WCE**) leading to a State or industry-recognized credential aligned with a high school career cluster.
- 3. Cooperative Innovative High School Programs (CIHS)** are located on college campuses (unless a waiver was provided) and provide opportunities for students to complete an associate degree program or earn up to two years of college credit within five years. Examples include Early and Middle College High Schools.
- 4. Career and College Ready Pathway (CRP)** does not require pathway completion, but permits access to supplemental courses, along with career and college preparatory coursework, leading to either CTP or CTE approved pathways.

II. Operating Procedures

The Career and College Promise Operating Procedures, in accordance with State Board Code, define the eligibility requirements for College Transfer, Career and Technical Education, Career and College Ready, and Cooperative-Innovative High School pathway students as well as provide guidelines for program facilitation.

College Transfer Pathway (CTP)

Curriculum: Juniors and Seniors

1. The Career and College Promise Pathway requires the completion of a transfer pathway approved by the State Board of Community Colleges including transfer courses in English and mathematics and ACA 122 College Transfer Success.
2. To be eligible for enrollment in a College Transfer Pathway, a high school student must meet the following criteria as of the first day of the applicable term:
 - a. Be a high school junior or senior, **and**
 - b. Have unweighted, cumulative GPA of 2.8 on high school courses, **or**
 - c. Demonstrate college readiness on an approved assessment or placement test (See attachment A for college readiness scores), **or**
 - d. Prior completion of required supplemental coursework
3. To maintain eligibility for continued enrollment, a student must:
 - a. Continue to make progress toward high school graduation, **and**
 - b. Maintain a 2.0 GPA in college coursework after completing two courses, **and**
 - c. Submit an updated high school transcript each academic term.

A student who falls below a 2.0 GPA after completing two college courses will be subject to the college's policy for satisfactory academic progress.

4. Students who are successfully progressing towards high school graduation have access to the College Transfer Pathway for one year as a junior and one year as a senior.
5. Colleges may request a graduation plan verifying what high school courses remain and the anticipated graduation date. Students participating in CCP may not delay high school graduation in order to maintain enrollment.
6. A student may enroll in one College Transfer Pathway and may not substitute courses in one program for courses in another.
7. A student may change his or her program of study major with approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator. The college's chief academic officer or chief student development administrator shall approve a change in pathway based on verification provided by the student that the program change allows the student to meet their newly chosen career path. Verification could include (but is not limited to) transfer guides published by the university, a career pathway plan, career information published in the Occupational Outlook Handbook and/or information published in the North Carolina Career Cluster Guide, etc.
8. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, a student who completes a College Transfer Pathway, while still enrolled in high school, may continue to earn college transfer credits leading to the completion of the Associate in Arts, Associate in Arts in Teacher Preparation, Associate in Science, Associate in Science in Teacher Preparation, Associate in Engineering, AGE-Nursing, AFA-Music, AFA-Theater, or AFA-Visual Arts. Students enrolled in courses to complete a pathway

during a term may concurrently enroll in additional courses to complete the associated degree program within the same term.

9. A student who completes a transfer pathway and continues enrollment (with the required permissions outline above) will retain their CCPP student type but will have the P code ended and be added to the parent program for the term following pathway completion. Students pursuing credits beyond the initial transfer associate degree must provide documentation of justification based upon career pathway needs or transfer program requirements (i.e., transfer guides published by the University of North Carolina). The high school principal or the high school principal's designee and the college's chief student development administrator or the college's chief academic officer must approve prior to enrollment in credits beyond the initial transfer program of study. Approval is contingent upon documentation of justification based upon career pathway needs or transfer program requirements (i.e., transfer guides published by the University of North Carolina).
10. The AA/AS/AE/AGE-Nursing/ AFA-Music/AFA-Theater/AFA-Visual Arts/AATP/ASTP degree may be awarded prior to high school graduation verification.
11. Colleges should follow the same graduation process for CCP students as is followed for traditional college students.
12. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, a student may concurrently enroll in:
 - a. One College Transfer Pathway and one Career Technical Education Pathway; **or**
 - b. One College Transfer Pathway and one Workforce Continuing Education Pathway; **or**
 - c. One College Transfer Pathway and the Career and College Ready pathway, pending required supplemental courses has been completed.
13. CCP students **may not** enroll in supplemental CCR or CE courses. (examples: ENG 8025, ENG 8045, MAT 7025, MAT 7035, and MAT 7045)
14. CCP students **may not** enroll in transition courses offered through CCR or CE.
15. CCP students **may not** audit courses.
16. CCP students **may not** be enrolled in the Associate in General Education or General Occupational Technology programs.
17. Students enrolled in Adult High School, Adult Basic Education, or Adult Secondary Education **are not** eligible for Career and College Promise.

Career Technical Education Pathways (CTE)

Curriculum: Juniors and Seniors

1. The Career and College Promise Career and Technical Education Pathway (CTE) for high school juniors and seniors leads to a certificate or diploma aligned with a high school Career Cluster.
2. To be eligible for enrollment in a Career and Technical Education pathway, a high school student must meet the following criteria:
 - a. Be a high school junior or senior as of the first day of the applicable term, **and**
 - i. Have an unweighted, cumulative GPA of 2.8 or higher on high school courses, **or**
 - ii. Demonstrate college readiness in English, reading and mathematics on an assessment (See Attachment A for college readiness scores.) **or**
 - iii. Prior completion of required supplemental coursework. **OR**
 - b. Be a high school junior or senior as of the first day of the applicable term, **and**
 - i. Have the recommendation of the high school principal or his/her designee and have the high school principal or his/her designee's rationale for recommendation in place of GPA requirement, **and**
 - ii. Have the recommendation of the college's Chief Academic Officer or Chief Student Development Administrator.
3. A recommendation for eligibility **will not** be permitted for CTE pathways that include UGETC (Universal General Education Transfer Component) course(s).
4. If a CTE pathway contains a UGETC (Universal General Education Component) course, the student must meet the same eligibility criteria as a College Transfer Pathway student.

5. High school counselors should consider students' assessment scores in making pathway recommendations.
6. College Career and Technical Education courses may be used to provide partial or full fulfillment of a high school career cluster. Where possible, students should be granted articulated credit before high school graduation based on the local or state North Carolina High School to Community College Articulation Agreement.
7. To maintain eligibility for continued enrollment, a student must
 - a. Continue to make progress toward high school graduation, and
 - b. Submit an updated high school transcript each academic term, and
 - c. Maintain a 2.0 in college coursework after completing two courses.

A student who falls below a 2.0 GPA after completing two college courses will be subject to the college's policy for satisfactory academic progress (SAP).
8. Students who are successfully progressing towards high school graduation have access to the Career and Technical Education (CTE) Pathway for up to two years – one year as a junior and one year as a senior.
9. Colleges may request a graduation plan verifying what high school courses remain to complete high school and the anticipated high school graduation date. High school students participating in CCP may not delay high school graduation to maintain enrollment.
10. A student may be awarded a Career and Technical Pathway (CTE) certificate, diploma or AAS degree prior to high school graduation.
11. Colleges should follow the same graduation process for CCP students as is followed for traditional college students.
12. A student may not substitute courses in one program for courses in another.
13. The student may change his or her pathway major with approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator. The college's chief academic officer or chief student development administrator shall approve a change in pathway based on verification provided by the student that the program change allows the student to meet their newly chosen career path and/or academic goal. Verification could include (but is not limited to) transfer guides published by the university, a career pathway plan, career information published in the Occupational Outlook Handbook and/or information published in the North Carolina Career Cluster Guide, etc.
14. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, a student may concurrently enroll in:
 - a. One College Transfer Pathway and one curriculum Career and Technical Education Pathway, or
 - b. Two curriculum Career and Technical Education Pathways, or
 - c. One curriculum Career and Technical Education Pathway and one Workforce Continuing Education Pathway, or
 - d. One Career and Technical Education pathway and Career and College Ready Pathway, pending required supplemental courses has been completed.
15. A student who completes the CTE Pathway may continue in the same traditional, parent AAS program of study as long as they are still eligible for CCP. Students enrolled in courses that complete a CTE pathway during a term may concurrently enroll in additional courses, for which they are qualified, toward the associated degree program within the same term. To continue, the program code should be changed to reflect the traditional, parent AAS program or Diploma program code effective for the semester in which the CCP pathway will be completed. The

student type will remain CCPP, and their student code will remain CTE in accordance with Student Coding guidelines. Additional credentials that are not approved CCP Pathways that are achieved by completing courses within the parent program, may be awarded upon verification of high school graduation.

16. Colleges are responsible for adhering to external agency guidelines that may restrict CCP students from enrolling in specific pathway programs.
17. CCP students **may not** enroll in supplemental CCR or CE courses. (examples: ENG 8025, ENG 8045, MAT 7025, MAT 7035, and MAT 7045)
18. CCP students **may not** enroll in transition courses offered through CCR or CE.
19. CCP students **may not** audit courses.
20. CCP students **may not** be enrolled in the Associate in General Education or General Occupational Technology programs.
21. Students enrolled in Adult High School, Adult Basic Education, or Adult Secondary Education **are not** eligible for Career and College Promise.

Career and Technical Education Pathways (CTE)

Curriculum: Freshmen and Sophomores

Session Law 2025-56 amended the Appropriations Act of 2013, S.B. 402 to allow “Academic transition pathways for qualified high school students that lead to a career technical education certificate, diploma, or State or industry-recognized credential”, regardless of the academic discipline.

1. To be eligible for enrollment in a Career and Technical Education pathway, a high school student must meet one of the following criteria:
 - a. Be a high school freshman or sophomore as of the first day of the applicable term, **and**
 - i. Have the recommendation of the high school principal or his/her designee (assessment scores should be considered) and rationale for recommendation, **and**
 - ii. Have the recommendation of the college’s Chief Academic Officer or Chief Student Development Administrator, **and**
 - iii. Passed Math I with a grade of C or better, **and**
 - iv. Scored a 3, 4, or 5 on the End of Course assessment (EOC) for Math I, **and**
 - v. Scored a 3, 4, or 5 on the 8th grade End of Grade ELA assessment, **and**
 - vi. Academic advising prior to enrollment is highly encouraged. **OR**
 - b. Be a high school freshman or sophomore as of the first day of the applicable term, **and**
 - i. Have the recommendation of the high school principal or his/her designee (assessment scores should be considered) **and** rationale for recommendation, **and**
 - ii. Have the recommendation of the college’s Chief Academic Officer or Chief Student Development Administrator, **and**
 - iii. Demonstrate college readiness in English, reading and mathematics on an assessment (See Attachment A for college readiness scores), **and**
 - iv. Academic advising prior to enrollment is highly encouraged.

2. Freshmen and Sophomores **may not** enroll in any CTE pathways that contain UGETC (Universal General Education Transfer Component) courses.
3. If a CTE Pathway contains a UGETC (Universal General Education Component) course, the student must meet the same eligibility criteria as a College Transfer Pathway student.
4. High school counselors should consider students' assessment scores in making pathway recommendations.
5. College Career Technical Education courses may be used to provide partial or full fulfillment of a high school career cluster. Where possible, students should be granted articulated credit before high school graduation based on the local or state North Carolina High School to Community College Articulation Agreement.

 - c. Maintain a 2.0 in college coursework after completing two courses.A student who falls below a 2.0 GPA after completing two college courses will be subject to the college's policy for satisfactory academic progress.
7. Eligible freshmen or sophomores who enter one of the identified CCP Career and Technical Education (CTE) Pathways listed in G.S. §115D-20 and 1D SBCCC 400.11 and who are successfully progressing towards high school graduation have access to the CCP program for up to four years – one year as a freshman, one year as a sophomore, one year as a junior and one year as a senior.
8. Colleges may request a graduation plan verifying what high school courses remain and the anticipated graduation date. Students participating in CCP may not delay high school graduation to maintain enrollment.
9. A student may be awarded a certificate, diploma, or AAS degree prior to high school graduation.
10. Colleges should follow the same graduation process for CCP students as is followed for traditional college students.
11. A student may not substitute courses in one program for courses in another.
12. The student may change his or her program of study major to another approved program of study for freshmen or sophomores with approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator. The college's chief academic officer or chief student development administrator shall approve a change in pathway based on verification provided by the student that the program change allows the student to meet their newly chosen career path and/or academic goal. Verification could include (but is not limited to) transfer guides published by the university, a career pathway plan, career information published in the Occupational Outlook Handbook and/or information publishes in the North Carolina Career Cluster Guide, etc.
13. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, a student may concurrently enroll in two that are available to 9th and 10th graders.
 - a. One College Transfer Pathway and one curriculum Career and Technical Education Pathway, **or**
 - b. Two curriculum Career and Technical Education Pathways

14. A student who completes the CTE certificate or diploma may continue in the same traditional, parent AAS program as long as he/she is still eligible for CCP. Students enrolled in courses to complete a CTE pathway during a term may concurrently enroll in additional courses to complete the associated degree program within the same term but must meet course prerequisites. To continue, the program code should be changed to reflect the traditional AAS program code. The student type will remain CCPP and the pathway type will remain CTE. Additional credentials that are not approved CCP Pathways that are achieved by completing courses within the parent program, may be awarded upon verification of high school graduation.
15. Colleges are responsible for adhering to external agency guidelines that may restrict CCP students from enrolling in specific pathway programs.
16. CCP students **may not** enroll in supplemental CCR or CE courses. (examples: ENG 8025, ENG 8045, MAT 7025, MAT 7035, and MAT 7045)
17. CCP students **may not** enroll in transition courses offered through CCR or CE.
18. CCP students **may not** audit courses.
19. CCP students **may not** be enrolled in the Associate in General Education or General Occupational Technology programs.
20. Students enrolled in Adult High School, Adult Basic Education, or Adult Secondary Education **are not** eligible for Career and College Promise.

- ii. Have the recommendation of the college's Chief Academic Officer or Chief Student Development Administrator
- 3. High school counselors should consider students' assessment scores in making pathway recommendations.
- 4. Where possible, students should be granted articulated credit based on the college's CE to CU articulation agreement or alternate 'credit for prior learning' options.
- 5. To maintain eligibility for continued enrollment, a student must:
 - a. Continue to make progress toward high school graduation, **and**
 - b. Continue to make progress toward successful completion of the Workforce Continuing Education pathway as defined by the pathway syllabus.
 - c. A student who does not meet these criteria will be subject to the college's policy for satisfactory progress.
- 6. A student may be awarded a WCE certificate of completion prior to high school graduation.
- 7. Colleges should follow the same process to award CCP students a credential as is followed for traditional college students.
- 8. CCP students **may** enroll in supplemental courses.
- 9. CCP students **may not** enroll in transitional courses.
- 10. CCP students **may** enroll in curriculum transition courses but **may not** enroll in non-curriculum transition courses.
- 11. CCP students **may not** audit courses.
- 12. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, a student **may** concurrently enroll in:
 - a. Two Workforce Continuing Education Pathways, **or**
 - b. One College Transfer Pathway and one Workforce Continuing Education Pathway, **or**
 - c. One curriculum Career Technical Education Pathway and one Workforce Continuing Education Pathway, **or**
 - d. One Workforce Continuing Education pathway and Career and College Ready Pathway, pending required supplemental courses, has been completed.
- 13. Colleges are responsible for adhering to external agency guidelines that may restrict CCP students from enrolling in specific WCE pathways.
- 14. Students who are successfully progressing towards high school graduation have access to the Workforce Continuing Education Career and Technical Education (CTE) Pathway for up to two years - one year as a junior and one year as a senior.
- 15. Colleges may request a graduation plan verifying what high school courses remain to complete high school and the anticipated high school graduation date.
- 16. The student may change a pathway with the approval of the high school principal or his/her designee and the college's chief academic office or chief student development administrator. The chief academic officer or chief student development administrator may approve a change in pathway based upon the verification provided by the student that the program change allows the student to meet their newly chosen career path and/or academic goal. Verification could include (but is not limited to) transfer guides published by the university, a career pathway plan, career information published in the Occupational Outlook Handbook and/or information published in the North Carolina Career Cluster Guide, etc.

Career Technical Education Pathways (CTE)

Workforce Continuing Education Pathway (WCE): Freshman and Sophomores

Session Law 2025-56 amended The Appropriations Act of 2017, S.L. 2017-57 to allow “Academic transition pathways for qualified high school students that lead to a career technical education certificate, diploma, or State or industry-recognized credential”.

Career and College Ready Pathway (CRP)

Curriculum: Rising Juniors and Seniors

Session Law 2025-56 and § 115D-30.20 "Gateway to College Programs", Section 1D SBCCC 400.11(e), and 1D SBCCC 400.8 (b)(1), permit high school students who are enrolled in Gateway to College Programs to enroll in supplemental courses based on an assessment of their individual student needs. Academic credits earned through Career and College Promise shall enable students who continue into postsecondary education after graduating from high school to complete a postsecondary credential in less time than would normally be required. The Career and College Ready pathway introduce college developmental mathematics and developmental English and reading curricula in the junior or senior year of high school, including the immediately preceding summers of those years, and provide opportunities for college remediation for students prior to high school graduation, ensuring students are prepared for college and career success. Upon completion of the required supplementary

coursework, high school students may enroll in a College Transfer Pathway and/or a Career and Technical Education Pathway.

1. Career and College Ready pathway coursework leads into an approved College Transfer pathway and/or Career and Technical Education pathways. Students who may satisfy required supplementary courses may have access to gateway courses, align with a selected CTP or CTE pathway.
2. To be eligible for enrollment in a Career and College Ready pathway, a high school student must meet the following criteria:
 - a. Be a rising high school junior or senior as of the first day of the applicable term.
3. To maintain eligibility for continued enrollment, a student must
 - a. Continue to make progress toward high school graduation, **and**
 - b. Submit an updated high school transcript each academic term, **and**
 - c. Maintain a 2.0 in college coursework after completing two courses.

A student who falls below a 2.0 GPA after completing two college courses will be subject to the college's policy for satisfactory academic progress (SAP).

4. Students who are successfully progressing towards high school graduation have access to the Career and College Pathway for up to two years – the summer term preceding the junior year, one year as a junior, and one year as a senior.
5. Colleges may request a graduation plan verifying what high school courses remain to complete high school and the anticipated high school graduation date. High school students participating in CCP may not delay high school graduation to maintain enrollment.
6. A student may not substitute courses in one program for courses in another.
7. The student may change his or her pathway major with approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator. The college's chief academic officer or chief student development administrator shall approve a change in pathway based on verification provided by the student that the program change allows the student to meet their newly chosen career path and/or academic goal. Verification could include (but is not limited to) transfer guides published by the university, a career pathway plan, career information published in the Occupational Outlook Handbook and/or information published in the North Carolina Career Cluster Guide, etc.
8. With approval of the high school principal or his/her designee and the college's chief academic officer or chief student development administrator, and pending required supplemental courses has been completed, a student may concurrently enroll in:
 - a. Career and College Ready Pathway and one College Transfer Pathway, **or**
 - b. Career and College Ready Pathway and one curriculum Career and Technical Education Pathway, **or**
 - c. Career and College Ready Pathway and one Workforce-Continuing Education Pathway
9. Colleges are responsible for adhering to external agency guidelines that may restrict CCP students from enrolling in specific pathway courses.
10. CCP students **may not** enroll in supplemental CCR or CE courses. (examples: ENG 8025, ENG 8045, MAT 7025, MAT 7035, and MAT 7045)
11. CCP students **may not** enroll in transition courses offered through CCR or CE.
12. CCP students **may not** audit courses.
13. CCP students **may not** be enrolled in the Associate in General Education or General Occupational Technology programs.

14. Students enrolled in Adult High School, Adult Basic Education, or Adult Secondary Education **are not** eligible for Career and College Promise.

Cooperative Innovative High School Programs (CIHS)

1. Cooperative Innovative High School Programs (CIHS) are located on college campuses, enroll 100 or fewer students per grade level and provide opportunities for students to complete an associate degree program, diploma, certificate or earn up to two years of college credit while completing a high school diploma within five years.
2. Eligibility requirements for Cooperative Innovative High School Programs are established jointly by local boards of education and local boards of trustees in accordance with G.S. 115C-238.50 and 1D SBCCC 400.11.
3. The Cooperative Innovative High School status of a student is only valid at the college partnered with the high school in which a student is enrolled.
4. Cooperative Innovative High School students can participate in WCE pathways. See Section IV Student Coding for details on Colleague coding in this circumstance.
5. The AA/AS/AE/AFA/AAS/AGEN/AATP/ASTP degrees, diplomas and certificates may be awarded prior to high school graduation verification. The graduation date assigned should be within the same term for which the student completed the certificate, diploma, or degree.
6. CIHS students **may** enroll in:
 - a. One College Transfer program of study; **or**
 - b. One College Transfer program of study and one Career and Technical Education program of study; **or**
 - c. Two Career and Technical Education programs of study; **or**
 - d. One Workforce Continuing Education program of study and one College Transfer program of study; **or**
 - e. One Workforce Continuing Education program of study and one Career and Technical Education program of study.
7. CIHS Students **may not** be enrolled in the Associate in General Education or General Occupational Technology programs.
8. CIHS students **may not** enroll in developmental courses.
9. CCP students **may not** enroll in supplemental CCR or CE courses. (examples: ENG 8025, ENG 8045, MAT 7025, MAT 7035, and MAT 7045)
10. CCP students **may not** enroll in transition courses offered through CCR or CE.
11. CIHS students **may** enroll in curriculum transition courses but may not enroll in non-curriculum transition courses. (examples: MAT 003; ENG 002)
12. Students enrolled in Adult High School, Adult Basic Education, or Adult Secondary Education **are not** eligible for Career and College Promise.
13. CIHS students **may not** audit courses.
14. Students pursuing credits beyond the initial transfer associate degree must provide documentation of justification based upon career pathway needs or transfer program requirements (i.e., transfer guides published by the University of North Carolina). The high school principal or the high school principal's designee and the college's chief student development administrator or the college's chief academic officer must approve prior to enrollment in credits beyond the initial transfer program of study. Approval is contingent upon documentation of justification based upon career pathway needs or transfer program requirements (i.e. transfer guides published by the University of North Carolina).

15. CIHS students who are successfully progressing towards high school graduation have access to the CIHS program for up to five years - one year as a freshman, one year as a sophomore, one year as a junior, one year as a senior and one year as a super senior.
16. The State Board of Community Colleges may waive the requirement that a Cooperative Innovative High School Program is located on the community college campus. Exceptions will be based on the local needs as outlined in the location waiver request. The approved waiver shall be maintained locally for documentation. The State Board of Community Colleges shall use the following factors to determine whether to approve location waivers:
 - a. Space availability
 - b. School Capacity
 - c. Proximity to the student population
 - d. Suitable, available space with equipment specific to the curriculum.

Reference: 1D SBCCC 400.11

Student Application Procedures

1. Students **must** complete a college application to be admitted into a CCP pathway.
2. The high school (public school, private school, home school or charter school) will document eligibility criteria on the student's high school transcript. High school transcripts used for initial eligibility verification **must** include the following:
 - a. student grade level (9th, 10th, 11th, or 12th grade), **and**
 - b. high school courses completed and in progress, **and**
 - c. the unweighted, cumulative high school GPA
3. The total number of credits on the high school transcript **does not replace** the requirement of the student's grade level to be listed on the high school transcript.
4. A copy of assessment scores should be provided by the student if assessment scores are being used to meet eligibility requirements to enter the program.
5. Additional high school transcripts **must be provided** to the college to verify the student is still enrolled in high school and making progress towards high school graduation for each term they are enrolled in CCP.

Credit for Prior Learning

1D SBCC 800 provides the minimum standard for colleges to award Credit for Prior Learning (CPL) which is defined as curriculum credit awarded for college-level learning obtained through prior learning experiences other than curriculum coursework. CPL encompasses knowledge, skills, and competencies that students have obtained as a result of their prior learning experiences. The evaluation of CPL is an academic process through which students document verifiable college-level learning acquired outside of the traditional learning environment. Colleges are encouraged to award CPL where possible to prevent duplicative efforts but rather maximize student success.

Inclusive of the guidance given in the Curriculum Procedures Reference Manual, this portion provides the approved CPL opportunities specific to CCP, but notwithstanding local policies and procedures for awarding CPL. Additional definitions, policies, and guidance regarding CPL and awarding credit, are found in [Section 19](#).

1. Registered apprenticeship and pre-apprenticeship programs that utilized CU or CE coursework for the required related instruction.

2. Industry-recognized certifications and licenses, as documented in the NC Workforce Credentials include certifications and professional state-regulated licensures.
3. The statewide articulation agreement between the System Office and the Department of Public Instruction is comprised of articulated high school courses that match the knowledge and skills taught in community college courses.
4. Colleges currently use the following standardized exams to provide credit for prior learning: Advance Placement (AP), College-Level Examination Program (CLEP), Credit for International Baccalaureate (IB), and Cambridge International examinations.
5. Challenge exams are departmental or institutional examinations for a college course which demonstrates subject matter proficiency is equal to or greater than the corresponding proficiency the student would have achieved had he or she completed the actual course.

Student Grading

The college transcript is the authoritative source for college coursework for all students enrolled in CCP Pathways or Cooperative Innovative High Schools. CCP students should receive course grades in accordance with the college's local policies.

WCE Pathway Students

WCE Pathway students can receive alpha or numeric grades as needed or requested. The mnemonic GRSC in Colleague should be provided to the college for the grade table.

Tuition and Fees

1. All courses taken by CCP students at colleges in accordance with G.S. 115D-20(4) are tuition-waived except courses offered on a self-supporting basis.
2. Textbooks are a student's responsibility, however there may be local provisions for them. A student's the school district or another local organization may cover these costs. Students should check with their principal or counselor to verify how these costs are paid.
3. Student fees are not waived for CCP students. However, local school districts and community colleges should work together to determine whether and how student fees will be paid for CCP participants.
4. Transportation funding is not available for CCP students who are enrolled in a CT Pathway, a CTE Pathway, a WCE Pathway, or a CRP Pathway. CIHS or early colleges receive transportation funds as part of a larger funding allotment at each district.

Cooperative Agreement

1. Colleges who serve groups of CCP students outside of their assigned service area should have a Level-One Cooperative Agreement with the college assigned to that service area.
2. Level-One agreements should be utilized when a college is requesting permission to deliver course(s) into another college's service area. These agreements do not involve the sharing of resources or FTE. This level of agreement does not have to be approved or kept on file by the System Office, however, it must be kept on file at participating colleges for compliance purposes.

Program Accountability Plan

1. Colleges will assign student codes to CCP students that are provided by the North Carolina Community College System Office.
2. Colleges will establish review processes within their Workforce Continuing Education Accountability & Integrity plan (1D SBCCC 300.4) for WCE pathways. These review processes should include, at a minimum, student success metrics, employer engagement and internal support structures between WCE, CCP coordinators and registrars as appropriate.
3. The North Carolina Community College System Office and the North Carolina Department of Public Instruction will report annually to the two governing boards on the following outcomes:
 - a. The impact of dual enrollment on high school completion.
 - b. The academic achievement and performance of dually enrolled high school students.
 - c. The number of students who successfully complete college pathways or certificates while dually enrolled.
 - d. The persistence, completion rates, and academic achievement of students who continue into college programs after high school graduation.

III. Program of Study Filing Procedures

College Program of Study Approval Procedures

1. A college must submit a program of study for each Career and College Promise program it plans to offer, which follow the curriculum standard or Workforce Continuing Education policies and CCP policy.
2. Career and Technical Education programs of study must follow the State Board approved curriculum standard and must include a minimum of twelve (12) semester hours of credit from core courses or consist of courses in a local, traditional program of study as listed in the college's current catalog. General education courses for career and technical education programs of study must be directly related to student success in the selected major.
3. Workforce Continuing Education pathways must be approved by the NCCCS – Workforce Continuing Education division prior to student enrollment. Colleges must define the pathway components, credential alignment and career cluster as well as provide local and state level labor market information supporting occupational demand. See [Attachment F: Workforce Continuing Education Pathway approval application](#).
4. Programs of study must be approved before students can be enrolled.
5. By submitting and requesting approval for a Career and College Promise program of study, a college is verifying its capacity to teach all courses in the program of study.

Information Specific to Curriculum

1. A college must submit an electronic program of study through Colleague for each Career and College Promise program it plans to offer.
2. By submitting and requesting approval for a Career and College Promise program of study, a college is verifying its capacity to teach all courses in the program of study.

Information Specific to College Transfer Pathway Programs of Study

1. Colleges must utilize the College Transfer Pathways for college transfer pathway program(s) of study.
2. The college must have approval to offer a transfer program, to file a POS and offer [P9099A](#).
3. The college must already have approval to offer the [Associate in Arts \(A10100\)](#) to file a POS to offer [P1012C](#).
4. The college must already have approval to offer the [Associate in Science \(A10400\)](#) to file a POS to offer [P1042C](#).
5. The college must already have approval to offer the [Associate in Engineering \(A10500\)](#) to file a POS to offer [P1052C](#).
6. The college must already have approval to offer the [Associate in General Education in Nursing \(A1030N\)](#) to file a POS to offer [P1032C](#).
7. The college must already have approval to offer the [Associate in Fine Arts – Music \(A10700\)](#) to file a POS to offer [P1072C](#).
8. The college must already have approval to offer the [Associate in Fine Arts – Theater \(A10800\)](#) to file a POS to offer [P1082C](#).

9. The college must already have approval to offer the [Associate in Fine Arts – Visual Arts \(A10600\)](#) to file a POS to offer [P1062C](#).
10. The college must already have approval to offer the [Associate in Arts in Teacher Preparation \(A1010T\)](#) to file a POS to offer [P1012T](#).
11. The college must already have approval to offer the [Associate in Science in Teacher Preparation \(A1040T\)](#) to file a POS to offer [P1042T](#).

Information Specific to Career Technical Education (CTE) Pathway Programs of Study

1. The college must already have received State Board approval to offer the traditional program to file a POS for a Career Technical Education pathway (i.e., the college must be approved for Welding in order to file a POS to offer a Welding CTE pathway.)
2. The college must utilize the current curriculum standard as the guideline for CTE Pathways. The curriculum standards are located at: <http://www.nccommunitycolleges.edu/academic-programs/curriculum-standards>
3. The program of study must consist of specific course requirements and may **not** include elective options (pick lists) for students.
4. The CTE certificate program of study must include either a minimum of 12 semester hours credit derived from the core of the curriculum standard or consist of courses in a local, traditional program of study as listed in the college's catalog. Local programs of study may not include course pick lists.
5. Local certificates or diplomas submitted as CTE certificate pathways must include the following college comment: Courses included in this CTE program of study are offered in the college's traditional, local certificate as listed in the college catalog.
6. The college may submit more than one CTE certificate/diploma for a specific program to accommodate the needs of various high school districts. The college must file each as a separate certificate/diploma(s).

Information Specific to Workforce Continuing Education Pathways

1. Colleges may only offer pathways approved by the NCCCS Division of Workforce Continuing Education.
2. Pathways must lead to a State **or** industry-recognized credential.
3. Pathways must be offered for a minimum of 96 instructional hours.
4. A college must submit a proposal to the Workforce Continuing Education Division of the System Office for providing service to high school students for each pathway it intends to offer.
5. Pathways must be approved before students can be enrolled.
6. The college must define the state and local course code, instructional hours, student learning outcomes, career cluster, credential alignment and occupational demand for each pathway.
7. Pathways may align with [NC Department of Public Instruction Standard Course of Study](#) for student learning outcomes as appropriate.
8. By submitting and requesting approval for a WCE high school pathway, a college is verifying its capacity to fulfill learning requirements for credentials offered.

IV. Student Coding

Session Law 2011-145 (section 7.1A.(d) requires the establishment and implementation of a program accountability plan to evaluate the short-term and long-term outcomes for CCP. Therefore, it is crucial that students be correctly coded upon acceptance to a CCP pathway through the completion of high school (or, in the case of WCE, the completion of a credential) for system office reporting.

1. Colleges **are required** to enter the **Student Type** (CCPP) for all pathway students.
2. Colleges **are required** to properly code students according to their **Pathway Type(s)** upon acceptance to CCP **and** at the completion of high school. The grade level upon entry to the program should also be indicated upon acceptance to CCP and updated accordingly. The following Student Codes are available on the XNC2 screen in Colleague for coding students:

CTP	College Transfer Pathway
CTE	Career and Technical Education
CIH	Other Cooperative Innovative High School Programs
CIE	Early College High Schools
CIM	Middle College High Schools
CEP	Workforce Continuing Education (Local tracking of CEP pathway enrollment may be necessary if coding is not available for Cooperative Innovative High School students. All other high school students who enroll in a WCE pathway must have the student code CEP.)
CRP	Career Ready Pathway

The student's primary pathway in XNC2 may be either a CTP, CTE, or CRP, depending on the students' academic goals. If there is no active CTP pathway, another pathway can be listed as primary. If a student is concurrently enrolled in a CTE curriculum pathway and a CEP pathway, the CTE curriculum pathway should be primary. Colleges should update the XNC2 screen should a pathway change dictate a change in pathway designations.

3. Cooperative Innovative High School students should be placed in a Program of Study designated for the school.

Information Specific to Workforce Continuing Education Pathways

1. Colleges are **required** to enter the appropriate discount codes for waiver:
CECCP CE Career and College Promise
2. Discount Codes are input on the following screens in Colleague:
ASPR Addnl Student Profile
CECCP discount code should be listed as the 'Primary' or first discount code when a student has multiple discount codes on their ASPR record.
SECB Section Billing Information

Recoding CCP Students Upon HS Graduation or Upon Completion of a Workforce Continuing Education Pathway

Students should be properly recoded when they a) graduate from high school (Curriculum Pathway students) or b) complete a Workforce Continuing Education Pathway

When Career and College Promise students complete a Workforce Continuing Education pathway or graduate from traditional high school, it is important that their CCP Student Type, Pathway Type, and Program of Study are ended in Colleague. **These modifications are essential to ensure that ineligible students do not receive tuition waivers and that students are correctly coded for evaluation purposes.**

Colleges should follow the steps below to re-code CCP students who complete a pathway or graduate from high school and continue as students at the college:

1. Add **Student Type** "NULL" to prevent consequential tuition waivers.
2. End the Career and College Promise **Pathway Type** in XNC2.
3. End the CCP **Program of Study** for CTP and CTE pathway students.
4. Enter end year for the CEP pathway or high school graduation date.

Reference: Managing Student Type Document (Located in ServiceNow Application Support Knowledge Base). **Students who stop participating in CCP prior to high school graduation should be recoded using the steps listed above.**

Placement Test Guidance

To enroll in a gateway English and/or gateway math course, students must demonstrate college readiness in English, reading, and mathematics. **Colleges may decide if they wish to allow ‘Direct Access’ into MAT 110, MAT 112, and/or English 110 as a local decision. However, GPA is the primary factor for placement in developmental education courses, as stated in the new framework.** Colleges retain the flexibility to administer placement tests of their choosing for specific groups, such as students without a GPA, those challenging their placement, or other targeted populations. It is important to emphasize that placement tests should only be used for small groups and with the goal of placing students up and out of developmental education, directly into college-level courses.

Colleges locally determine which (if any) placement test(s) may be offered for students without a GPA, those challenging their placement, or other specific populations. Colleges have the autonomy to choose and set their placement test ranges and thresholds. While vendors may provide "suggested" guidance for score ranges, the final determination rests with each institution. For those colleges who would prefer to have some suggested guidelines for thresholds, there are resources available on the 'Placement' webpage (see [Placement Guidelines](#)). Please note that these resources will be updated as new information becomes available.

Placement should be prioritized by GPA; however, should the college choose to administer an assessment or locally developed assessment, standardized assessments are preferred. For guidance regarding placement test, based on the college's selected model(s), see the system's [website](#).

Cooperative Innovative High School (CIHS) Course Eligibility Policy

To enroll in a gateway English (ENG 110 & 111) and/or gateway math (MAT 110 or higher) course, students must demonstrate college readiness in English, reading, and mathematics. Eligibility may be demonstrated by achieving the required scores on a single test or by combining test scores from any of the approved assessments. For example, a student may combine a 22 on ACT math with a 480 on SAT composite score for evidenced based reading and writing to demonstrate college readiness. Placement should be prioritized by GPA; however, should the college choose to administer an assessment or locally developed assessment, standardized assessments are preferred (see [Placement Guidelines](#)).

CIHS Students can enroll in a gateway English or math course by:

1. Grades 9-13 - For direct placement into the first math and English course in the major, the student must demonstrate college readiness in English, reading, and mathematics on an approved assessment. (See Table 1 & Table 2 for course placement scores below), **or**
2. Grades 9-13 - For direct placement into the first math course in the major (i.e., gateway math course). Completion of Math III EOC with a 4 or 5, For direct placement into ENG 110 or ENG 111- have a college GPA of 2.8 or higher, which includes 6 or more hours of UGETC courses, **or**
3. Be a junior or senior/super-senior **and** have an unweighted, cumulative high school GPA of 2.8 or higher to directly place into a gateway English or math course.
4. Completion of required supplemental courses.

ENGLISH MODELS

** Colleges may decide if they wish to allow 'Direct Access' into ENG 110 or not as a local decision.*

Model 1: Pre-Requisite

- Colleges may choose to run "ENG 025" as the Pre-Requisite course with their chosen GPA threshold.
- Students with a GPA *below* the chosen GPA threshold would place into ENG 025.
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway English course.

Model 2: Co-Requisite Models (2 course options to choose from in this model)

- Colleges may choose to run either "ENG 025" or "ENG 045" course with their chosen GPA threshold.
- Students with a GPA *below* the chosen GPA threshold would take ENG 025 or ENG 045 as a *Co-Requisite* course along with the Gateway course.
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway English course.

Option 1 – utilizing ENG 025:

Option 2 – utilizing ENG 045:

Model 3: Hybrid Model (2 GPA Thresholds allowed for this model)

- Colleges may choose their 2 GPA thresholds for this model.
- Students with a GPA *below* the chosen GPA threshold would take ENG 025 as a *Pre-Requisite* course.
- Students whose GPA falls in between the two chosen GPA thresholds (*above* the chosen GPA threshold, but below the chosen GPA threshold), would take ENG 045 as a *Co-Requisite* course along with their Gateway English course.
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway English course.

MATHEMATICS MODELS

** Colleges may decide if they wish to allow 'Direct Access' into MAT 110 or not as a local decision.*

Model 1: Pre-Requisite

- Colleges may run "MAT Courses" courses with their chosen GPA threshold.
 - i. Run "MAT 025" as a Pre-Requisite course for Gateway courses MAT 110*, 143, and 152
 - ii. Run "MAT 035" as a Pre-Requisite course for Gateway courses MAT 121 and 171
- Students with a GPA *below* the chosen GPA threshold would place into MAT 025 (for MAT 110*/143/152) or MAT 035 (for MAT 121/171).
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway Math course.

Model 2: Co-Requisite Models (2 course options to choose from in this model)

- Colleges may choose to run either "MAT 025 and MAT 035" or "MAT 045" as their Developmental Education course with their chosen GPA threshold.
- Students with a GPA *below* the chosen GPA threshold would take MAT 025/035 or MAT 045 as a *Co-Requisite* course along with the Gateway Math course.
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway Math course.

Option 1 – utilizing MAT 025 & 035:

Option 2 – utilizing MAT 045:

- Run "MAT 025" as a Pre-Requisite course for Gateway courses MAT 110*, 143, and 152.
- Run "MAT 035" as a Pre-Requisite course for Gateway course MAT 121 & 171

* Colleges may wish to add a letter to of the MAT 045 to match each MAT 045 Co-requisite course to its corresponding Gateway course.

Model 3: Hybrid Model 1 (2 GPA Thresholds allowed for this model)

- Colleges may choose their 2 GPA Thresholds for this model.
- Students with a GPA *below* the chosen threshold would take MAT 025/MAT 035 as a *Pre-Requisite* course.
 - Run "MAT 025" as a Pre-Requisite course for Gateway courses MAT 110, 143, and 152
 - Run "MAT 035" as a Pre-Requisite course for Gateway courses MAT 121 & 171
- Students whose GPA falls between the thresholds would take MAT 025/035 as a *Co-Requisite* course.
 - Run "MAT 025" as a Co-Requisite course for Gateway courses MAT 110, 143, and 152
 - Run "MAT 035" as a Co-Requisite course for Gateway courses MAT 121 & 171

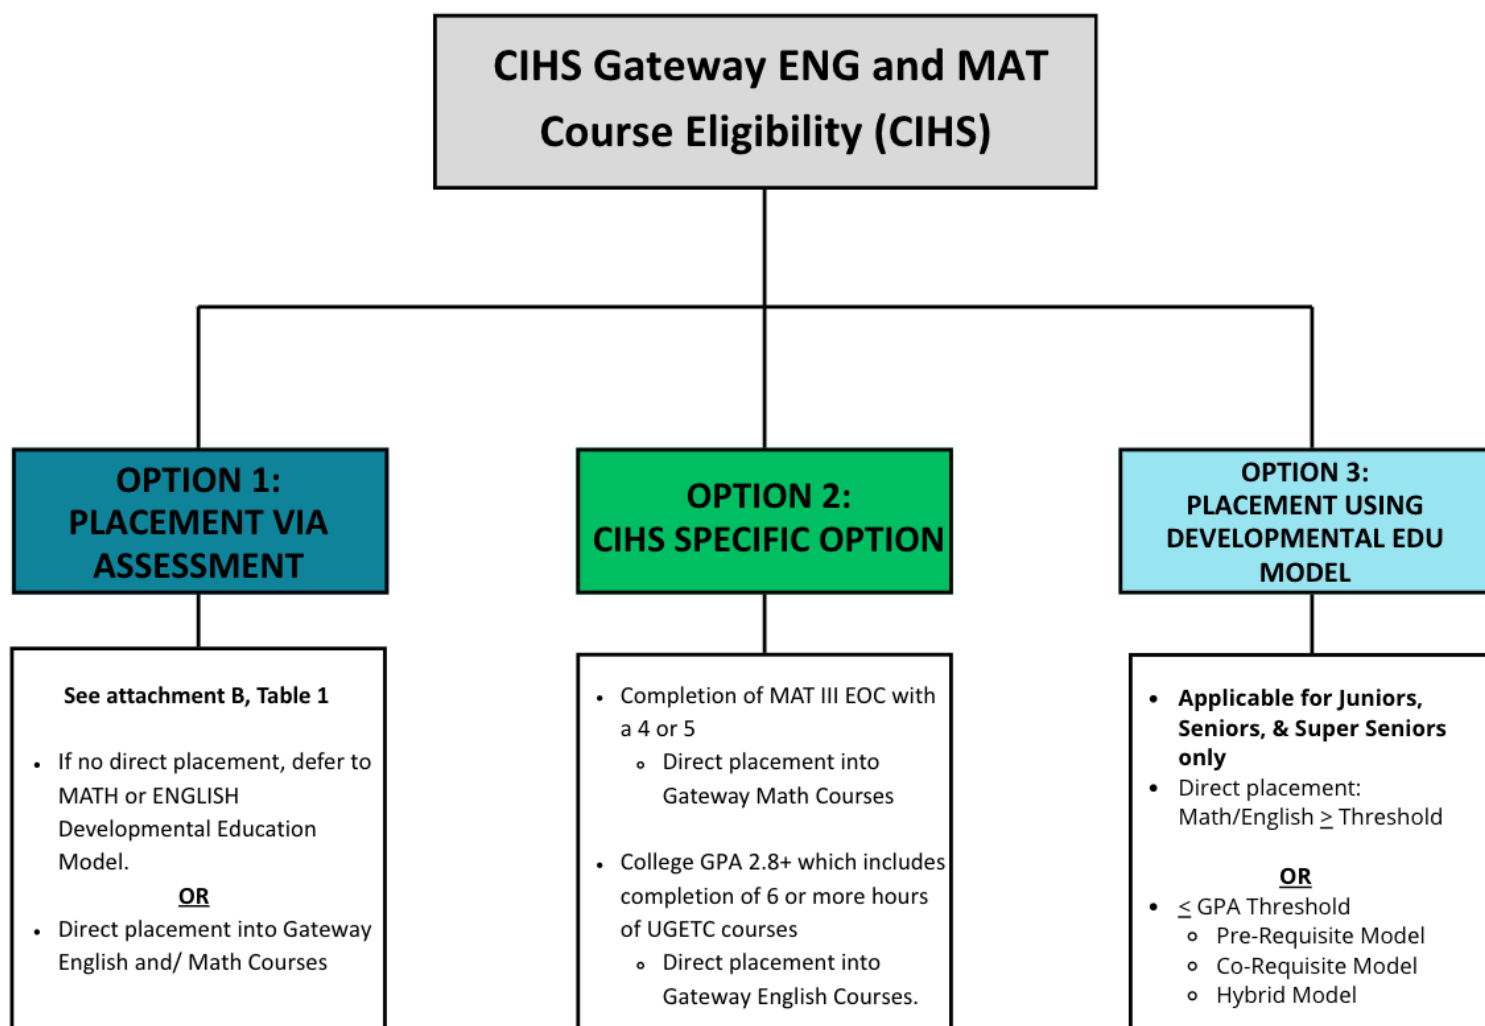

Model 3: Hybrid Model 2 (2 GPA Thresholds allowed for this model)

- Colleges may choose their 2 GPA Thresholds for this model.
- Students with a GPA *below* the chosen GPA threshold would take MAT 025/MAT 035 as a *Pre-Requisite* course.
 - Run “MAT 025” as a Pre-Requisite course for Gateway courses MAT 110*, 143, and 152
 - Run “MAT 035” as a Pre-Requisite course for Gateway courses MAT 121 & 171
- Students whose GPA falls in between the two chosen GPA thresholds would take MAT 045 as a *Co-Requisite* course.
- Students with a GPA *above* the chosen GPA threshold would place into their Gateway Math course.

Career and College Promise Associate Degree Nursing (ADN) Pathway (P1032C)

The Career and College Promise (CCP) ADN Pathway is designed for high school students who wish to begin their educational studies toward the Associate in Nursing degree and a Baccalaureate degree in Nursing. The Pathway is based on Block 1 of the *Uniform Articulation Agreement between the University of North Carolina's Registered Nurse to Bachelor of Science in Nursing programs and the North Carolina Community College Associate Degree Nursing Programs* which was approved by the State Board of Community Colleges and the UNC Board of Governors in February 2015.

A student who completes an Associate in Applied Science (AAS) in Nursing, which includes the courses listed below, with a GPA of at least 2.0 and a grade of C or better and completes the courses in Blocks 2-3 of the *Uniform Articulation Agreement between the University of North Carolina's Registered Nurse to Bachelor of Science in Nursing programs and the North Carolina Community College Associate Degree Nursing Programs* with a GPA of at least 2.0 and a grade of C or better, and who holds a current unrestricted license as a Registered Nurse in North Carolina will have fulfilled the UNC institutions lower-division general education requirements as well as nursing program entry requirements. However, because nursing program admissions are competitive, no student is guaranteed admission to the program of his or her choice.

*Add courses as necessary to include all components of the pathway

Identify any pre-requisites for the WCE pathway and any individual course sections within the pathway.

Colleges should consider local institution pre-requisites, CCP eligibility criteria and any credentialing agencies requirements for course participation and/or exam as pre-requisites for WCE pathways. Examples below:

- *DHSR requires that Nurse Aide I students be 16 ½ at the beginning of the term in which their course starts*
- *PTCB requires that pharmacy technician students must be within 60 days of HS graduation or equivalent to sit for exam*

**As of January 2020, students may sit for exam within the 60 days, but certification will not be granted without proof of HS diploma or equivalent*

- *CCP criteria as defined within 1D SBCCC 300.4 (c)(1)(D) and the CCP Operating Procedures*
